## Fall Menu And Other Changes At Houston's In Hackensack

New American restaurant Houston's, which operates at The Shops at Riverside mall in Hackensack, has shared a number of changes leading into the fall season.

First up is the full arrival of the fall menu — a number of items have already launched in the last few weeks — like an artichoke appetizer and double cut pork chop. They've also begun allowing reservations for groups of four or less for the first time, potentially shaving minutes off those waits during high volume timeframes — plus they're now offering takeout as well.

The restaurant is open 7 days and reservations can be made at the [Hillstone website](#), Urbanspoon or via phone at (201) 488-5667.
