

Apopka theming group doubles space

JK2 Construction is underway doubling the warehouse and office space for its sister company, **JK2 Scenic** full-service theming contractor.

The company will add 13,150 square feet of manufacturing and fabrication space and another 3,765 square feet of offices at its existing location in Apopka Expressway Commerce Center. The company designs and builds themed architectural millwork, custom props and specialty items for major attractions and the entertainment, hospitality and restaurant industries. The \$1.5 million expansion is slated for completion this year.
