Gatorville Restaurant Follow

the_coffee_mom Having some dinner after a long day of vacation. Day 2 is in the bag and it has been such a great time! Even with it only being so close to home, it has been nice to get away...

#ad the @wyndhamdrive has been wonderful, and the Gatorville Restaurant is amazing. The shrimp was delicious, and I really enjoyed the watermelon margarita. Seriously, if you are planning a trip to Orlando this is an amazing hotel to stay at. It is walking distance to all the @idriveorlando attractions and super close to the theme parks as well. I know we will for sure be back again. ...

 **The Coffee Mom** with Wyndham Orlando Resort International Drive.

I recently spent a few days in Orlando at the Wyndham on I-Drive. We had such an amazing time as a family. The resort itself is beautiful and there is so much to do. The friendly staff was friendly and the pools were beautiful.

Seriously, if you plan on going to the Orlando area any time soon, you should really check this place out. It is in close proximity to all of the parks and walking distance to all of the I-Drive attractions.

If you want to see why the Wyndham is Orlando's best family friendly resort, then you can check out my full review
