 Hourglass Social House

orlando.foodie Have you stopped by the new Hourglass Social House in the @thehourglassdistrict yet for some coffee from @foxtailcoffeeco or some vegan eats from @leguminati? This beautiful space appears like a fun spot to hang out: plenty of indoor and outdoor seating, in addition to the two eateries, there's a bevy of wine and Florida craft beers to grab too.

We have needed local (read: no more dadgum chains), healthy options in this 'hood, and let me just tell you - the Lord hath provided! 🙌

... In all seriousness though, the @hourglasssocialhouse exceeded my expectations. It's beautiful! There's ample seating both inside and outside in a courtyard out back (scroll to see pics and video!), convenient parking, and much

 Foxtail Coffee, Hourglass District

orlandobungalower We just recorded tomorrow's episode of "Bungalow and the Bus" at the new Hourglass @foxtailcoffeeco location and had a blast. We even managed to catch a photo of Brendan's fake boyfriend, Giovanni, the owner of the up and coming district on Curry Ford. If you're a listener you know this is a big deal. 🎧 listen to @realradio1041 tomorrow at 9 pm #orlandothings
