DIY Modern Sliding Door Entertainment Center

Speaking of safety gear – these Microjig push blocks make working on a table saw so much safer! I'm able to maintain more control over my workpiece while still keeping my hands far away from the blade. I almost always use them whenever I work on the table saw.

USEFUL TOOLS AND SHOP HELPERS:

- Rockler Material Mate Panel Cart and Shop Stand
- RZ Dust Mask
- Microjig Push Blocks
- Porter Cable Pocket Hole Jig
- Diablo 12-inch 100-Tooth Miter Saw Blade
